

ECONOMIC IMPACT OF THE MICHIGAN PET SECTOR

Michigan is just one part of the American pet sector that supports 2.75 million jobs nationwide. The U.S. pet sector contributes \$303 billion directly and indirectly to America's economy and \$217 billion in annual gross domestic product. The care and companionship of pets is integral to not only the emotional and physical well-being of people, but also to the strength and stability of our economy.

There are
4.1M
households
in Michigan

About
62%
own at least one pet

About
42%
own at least one dog

And
31%
own at least one cat

Average of almost
1.7
pets per household
